DATE MAILED:

Please find below and/or attached an Office communication concerning this application or proceeding.

Commissioner for Patents

Applicant's remarks have been considered. The claim status filed April 9, 2009 does not comply with the requirements of 37 CFR 1.121(c) because, the proper status of every claim must be indicated after its claim number by using one of the following identifiers in a parenthetical expression: (Original), (Currently amended), (Canceled), (Withdrawn), (Previously presented), (New), and (Not entered).

Based on applicant's remarks that the added passive components (capacitor, resistor etc) were within the original election of Fig. 3C. However, in the restriction requirement of October 31, 2008 applicant elected the subspecies of a capacitor; this was proper. As such, the current claim status is that any claims not drawn to the inductor should be labeled as withdrawn.

Amendments to the claims filed on or after July 30, 2003 must comply with 37 CFR 1.121(c) which states:
Since the reply filed on November 27, 2008 appears to be bona fide, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to submit an amendment in compliance with 37 CFR 1.121 in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
